My Concierge Program

My exclusive concierge program is designed to address all of your women's wellness needs—from gynecological care to general health and wellness—in an environment that is welcoming, personal and progressive. Compassion and service is at the heart of what we do. There is no substitute for a doctor who truly knows you and can offer the comprehensive care you deserve.

Exceptional and Convenient Service and Care

- A comprehensive wellness assessment that will also include health risk appraisals, nutritional assessment, and lifestyle coaching
- Advocacy and advice
- Extended, unhurried office visits for both the assessment and any follow-up appointments
- No more than 2 appointments per hour during concierge time
- Same day or next day appointments in most cases
- Direct availability to me after hours via cell phone
- A private dedicated office phone number
- Secure, HIPAA compliant email via patient portal
- 15% discount on selected aesthetic services

Health and Wellness Care

My concierge program includes health, wellness and nutrition programs such as:

Comprehensive Wellness Assessment:

Good health and beauty starts with good information. My concierge program allows me the time to take a comprehensive patient history and perform a complete assessment that exceeds what a typical exam would cover. My assessment includes comprehensive health risk appraisals, preventive nutritional assessment and lifestyle coaching.

Aesthetic Rejuvenation:

For many women, looking fit and healthy on the outside is just as important as it is on the inside. I offer my concierge members a 15% discount on selected aesthetic services.

Patient Advocacy:

As a member of my concierge program, you will have peace of mind knowing that I will be there to help you navigate the tests and treatment plans from specialists you see outside of my office. My staff and I will help explain the recommended tests ordered by your specialists and address the questions you may have in regards to this testing and treatment choices.

Gynecological Care:

With over twenty-nine years of experience, I specialize in a sensitive and progressive approach to the long term health of all my female patients. This unique approach to medical care and lifestyle counseling helps you achieve long-term health and wellness. As a concierge patient, you can be sure I will provide you with expert, unhurried care in a comfortable practice where I will take the time to really know you.

Give Yourself the Gift of Total Health and Wellness

What do you most love to do? Travel? Spend time with your children or grandchildren? Shop with friends? Play golf? Without good health, energy and peace of mind, you can't truly enjoy all the activities you love. Your health is the most important investment you have. My exclusive concierge program ensures all of your gynecological wellness needs are met conveniently and carefully.

Learn more about my Concierge Program by calling Concierge Choice Physicians at (877) 888-5565 or email members@choice.md.
